

Our code of ethics

1. We vow to observe the highest standards of honesty, integrity, professionalism and responsibility in the conduct of business.
2. We will listen to and understand each customer's unique needs, wants and desires.
3. We will help our customers make informed choices from the best possible design concepts, products and services at our disposal, tailored within their investment range.
4. We will only promote products and services which are functionally and economically sound.
5. We will avoid statements or implications that may be misleading or deceptive.
6. We will describe accurately and honestly the price, materials, and standards of workmanship used on all projects.
7. We will focus on attaining the highest level of craftsmanship possible by using only licensed, insured, and factory trained certified technicians on all of our installations.
8. We will keep an open line of communication with our customers at all time, and will provide timely response to any concerns or warranty issues.
9. We will respect at all times our customer's property, with the highest level of regard to the cleaning up of all our projects.
10. We will strive to treat everyone with whom we deal, with the same level of respect and dignity, with which we wish to be treated.
11. We will be an active and supportive member of the community at all times.
